Silverleaf Matte

Ceramic - Glass Mosaics premounted as shown. Other blends possible by purchasing ceramic or glass mosaics separately, with job site changeout.

Crafted in Southern California by Jeffrey Court, **Chapter 8 Facets** is an extensive line of decorative handmade wall tiles. It features an exquisite array of mesh-mounted ceramic-glass mosaics, architectural mouldings, glass-infused embossed tiles, and colored glass and metal mosaics that will make kitchens and bathrooms extraordinary. The color palette is designed to complement other Jeffrey Court Chapters and is particularly attractive with many of our natural stone selections.

Facets was inspired by Suzi Portugal, one of Jeffrey Court's talented designers. Her vision to create a Chapter using subtle colors, jewel-toned accents and unusual shapes and sizes, especially in the mosaics, makes **Facets** a very unique collection. Use the many ideas featured inside this catalog for inspiration.

Ceramic Penny Rounds (Approximately .90 square foot)

Abalone

Marcasite
